

# Public Workshop: Gadsden Etowah Bicycle and Pedestrian Plan

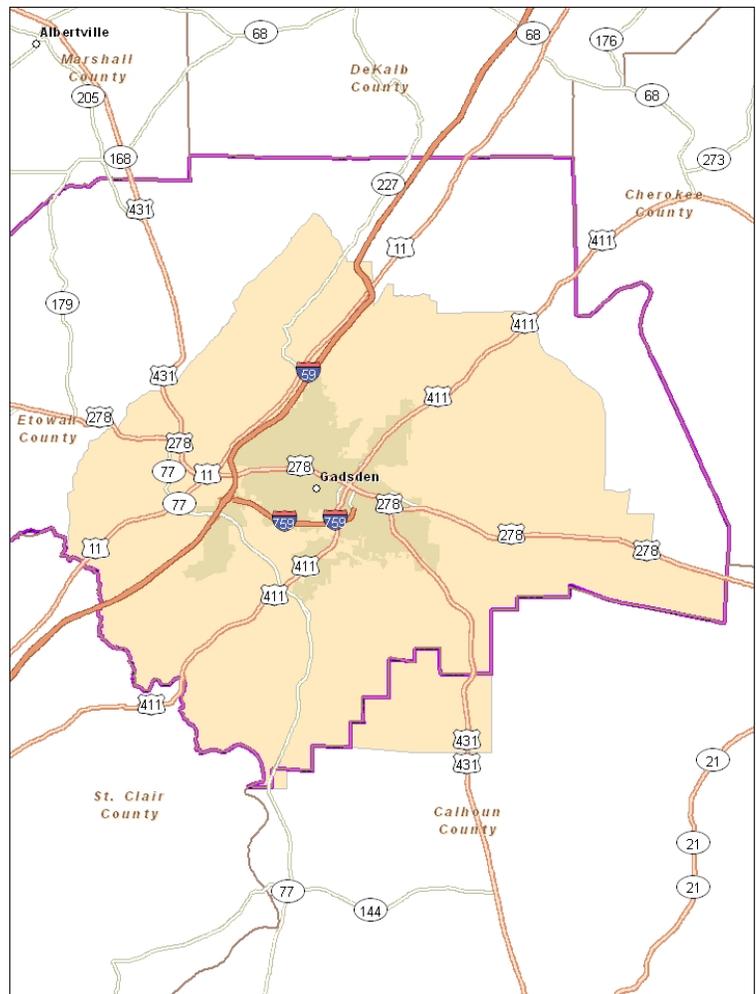

This meeting is being conducted to obtain public input for the preparation of the Bicycle and Pedestrian Plan in the Etowah County area. The plan will identify locations for incorporating bicycle and pedestrian accommodations along the existing street network. The public is invited to provide input toward identifying potential routes to be studied as a part of this plan. This meeting will also provide opportunities to comment on bicycle and pedestrian concerns. The map to the right shows the general area of this project.

Representatives of the project sponsors will be available to answer questions and record comments. Provisions will be made to receive oral statements and comment sheets will be available for those who prefer to make written statements.

Persons with disabilities who may need special accommodations should contact the person listed below at least one-week prior to the meeting.

**Nick Hall**  
**City of Gadsden**  
**90 Broad Street**  
**Gadsden, AL 35901**
